Examiner: BARQADLE, Yasin M

For: ARRANGEMENT FOR EMULATING AN UNLIMITED NUMBER OF IP DEVICES
WITHOUT ASSIGNMENT OF IP ADDRESSES

**REQUEST FOR CORRECTED OFFICE ACTION AND RESTARTING PERIOD FOR
REPLY UNDER MPEP §710.06**

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In response to the Nonfinal Official Action mailed March 8, 2006, Applicant hereby requests that a Corrected Office Action be issued that corrects the errors identified below. Applicant further requests that the period for reply be restarted to begin with the mailing date of the Corrected Office Action in accordance with MPEP §710.06. This Request is being submitted within one month of the mailing date of the Nonfinal Office Action.

The March 8, 2006 Office Action contains the error that it fails to identify the status of claims 15-18, as required under MPEP 707.07(i).

Specifically, the March 8, 2006 Office Action in paragraph 2 specifies "claims 2, 20, and 31 are objected to as being dependent on a rejected base claim", indicating that dependent claims 2-11, 20-29, and 31-39 recite allowable subject matter. Claims 1-39 are pending.

Request for Corrected Office Action filed March 10, 2006
Appln. No. 09/725,930
Page 1

The Office Action in paragraph 3 initially states that "[c]laims 1, 12, 19, and 30 are rejected under 35 U.S.C. 102(e)" in view of USPN 20020055980 by Goddard, however page 3 references "claims 1, 12-14, 19 and 30", and provides no reference to claims 15-18.

Hence, Applicant hereby requests that a Corrected Office Action be issued that identifies the status of claims 15-18, and that the period for reply be restarted to begin with the mailing date of the Corrected Office Action in accordance with MPEP §710.06.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'L. R. Turkevich', with a long horizontal flourish extending to the right.
